THE SANDHURST

Sporting Rifle Calibre .303 British

Barrel length 24 ins.

Approx. weight 7 lb. 12 ozs.

Overall length 44 ins.

The famous S.M.L.E. No. 1 Mk.III rifle is admired all over the world and in offering this model we have employed the S.M.L.E. action, entirely rebuilt in our own works with new barrels of extreme accuracy.

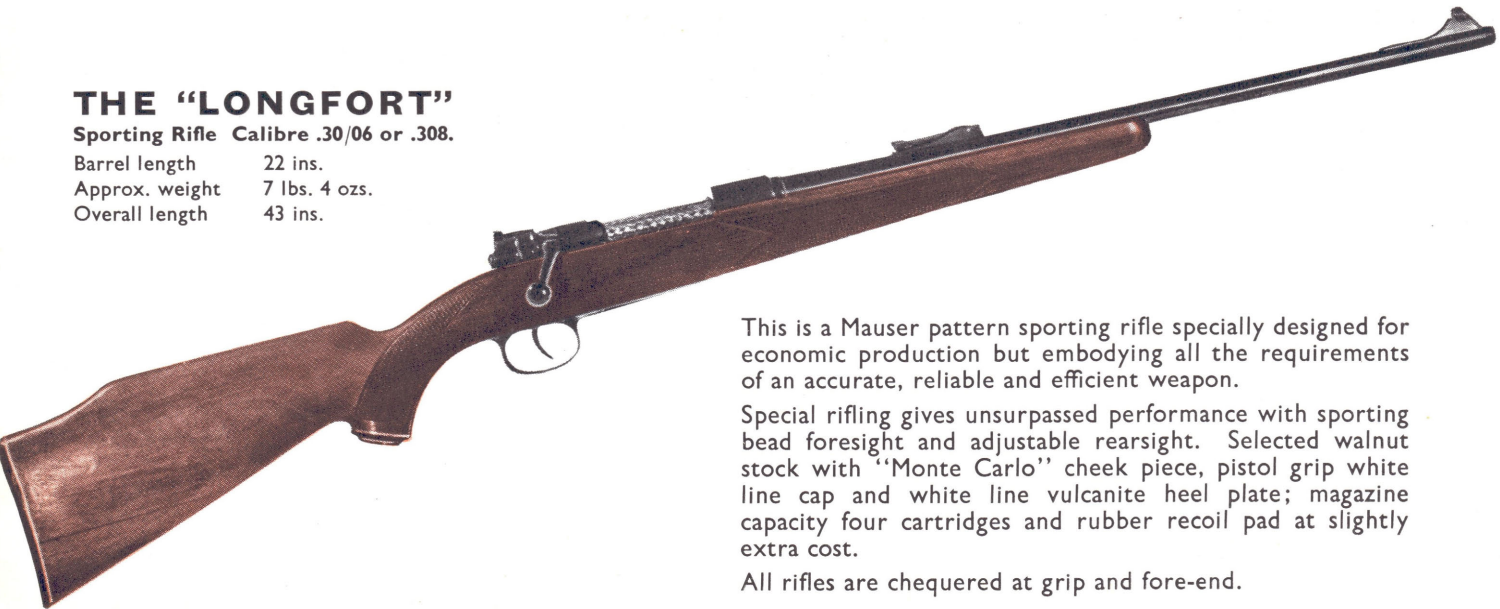

Fitted with sporting bead foresight and selected walnut fore-end and "Monte Carlo" pattern stock with white line heel plate and butt cap it enables all sportsmen to acquire a powerful game rifle of genuine appearance both in looks and balance.

All rifles are chequered at grip and fore-end. Magazine 10 shot capacity.

THE "LONGFORT"

Sporting Rifle Calibre .30/06 or .308.

Barrel length 22 ins.
Approx. weight 7 lbs. 4 ozs.
Overall length 43 ins.

This is a Mauser pattern sporting rifle specially designed for economic production but embodying all the requirements of an accurate, reliable and efficient weapon.

Special rifling gives unsurpassed performance with sporting bead foresight and adjustable rearsight. Selected walnut stock with "Monte Carlo" cheek piece, pistol grip white line cap and white line vulcanite heel plate; magazine capacity four cartridges and rubber recoil pad at slightly extra cost.

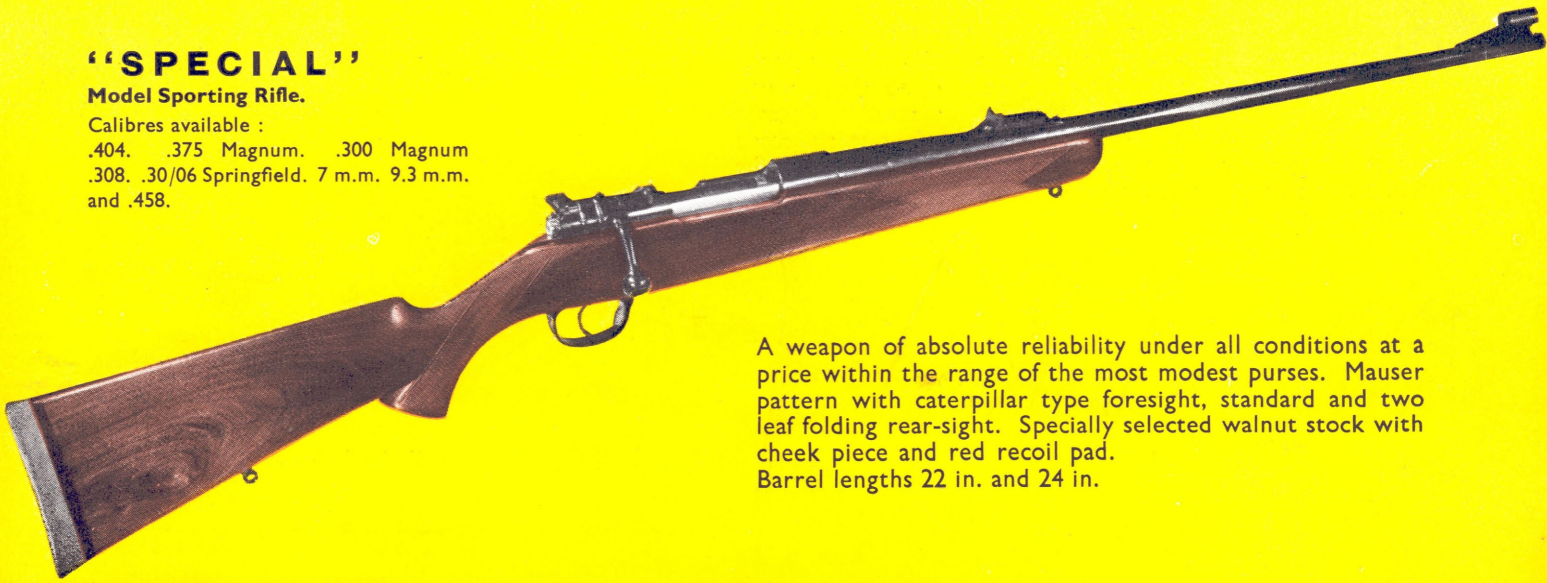

All rifles are chequered at grip and fore-end.
